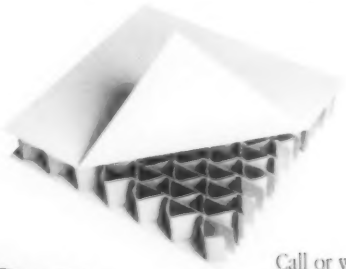
Our development team spent 270,000,000 years perfecting a display panel that's stronger than foamboard and costs less too.

Tricel's unique honeycomb board gives you design and construction options and is available in a range of thicknesses from 1/2" to 4".



Ideal applications include:

- Modular display panels
- POP displays
- Screen printing
- Vertical partitions
- Signage
- Kiosks
- Photo Mounting

Recycled Recyclable

Call or write for FREE sample and performance specs.

Components is our middle name

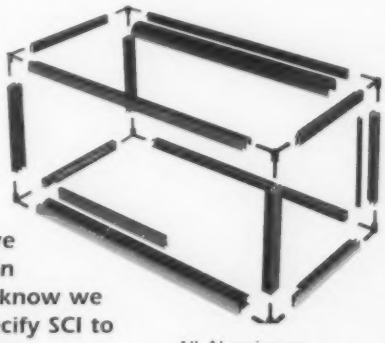
Our showcase hardware is created with the designer in mind. We provide customized components, in a variety of configurations and colors, that are affordable and easy to install.

Fluorescent

From materials to workmanship, our All Aluminum and Woodend Showcase components are made with unsurpassed standards... all to help you build a top of the line Showcase, even on a tight deadline.

Halogen

Complementing our components is Ultralite™, our state of the art U.L. Listed Fluorescent and Low Voltage Lighting Systems. They too, are fabricated to your exact specifications.



All Aluminum Showcase

For the past 15 years, we've provided design solutions in demanding situations. We know we can help you, too. Just specify SCI to your store fixture contractor.

"Polyplastic Forms can supply all my custom signs, letters, and acrylic P.O.P. displays!"

Cool!

Years of study have shown that proper signage and effectively displayed merchandise increases sales. Polyplastic signs and displays are available in an unlimited variety of styles, durable materials, colors and finishes to allow you to most effectively present your merchandise. Polyplastic Forms should be **your** number one choice for signs and P.O.P. displays.

POSTERS MURALS BILLBOARDS BACKDROPS TRADESHOW EXHIBITS

NOT BUYING POSTERWORKS®? IT'LL COST YOU.

If you're about to buy a large-format production package, don't make a costly mistake. Unlike proprietary solutions which cost up to five times more, only PosterWorks gives you the ability to compose layouts up to 10,000 square feet — for output on any PostScript device.

And only PosterWorks, the world's best-selling large-format production tool, delivers hundreds of powerful production features dedicated to saving you time and money. We're so sure you'll agree, we offer a full 30-day money back guarantee.

- Imports and layers EPS, TIFF and Scitex art
- Variable tile sizes from 2" x 2" to 100 x 100 feet
- Variable margins, overlaps, bleeds and gaps between panels
- Full-frame cropmarks for seaming large panels
- Advanced PostScript optimizations to minimize paper waste
- Prints to any PostScript device, interpreter or PostScript file
- Available for Mac/PowerMac and Windows 3.1/95/NT

Mac OS

Microsoft Windows Compatible

Here's a Cotterman rolling ladder teamed with a Cubicon display system for "up front" merchandise storage.

ROLLING WOOD LADDERS

THEY'RE STILL THE BEST WAY...

- To reach your stock
- To maximize use of storage space
- To improve your store's appearance

Cotterman ladders have been helping retailers solve stock access problems since 1925. Now the new open store designs are bringing them out of the back rooms.

These solid oak ladders were designed to cope with the special problems of narrow aisles and cramped supply areas, but they also happen to look nice. So use your imagination and put Cotterman rolling ladders to use in your store.

Write or phone today for complete information.

Cotterman Company

130 Seltzer Road
Croswell, MI 48422
Phone: (810) 679-4400
(800) 552-3337
Fax: (810) 679-4510

Cotterman's rolling oak stepladders. Perfect for shoe retailers and stockrooms.

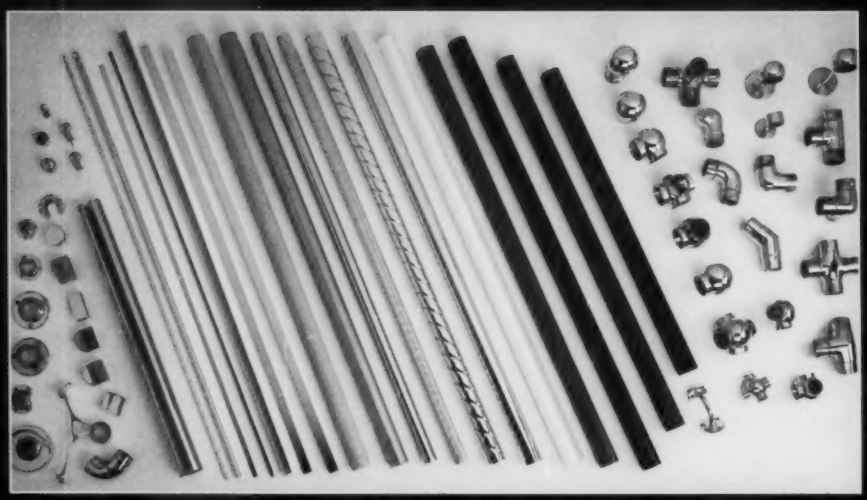
Selection and Quality: The Start of Our Store Fixture Story.



When you start with superior components, chances are that your finished product will reflect that quality.

Since 1979, architects, store planners and fixture manufacturers have relied on Lavi Industries to supply them with solid brass and stainless steel components needed to fabricate elegant and functional store fixtures.

Lavi Industries is the leading manufacturer of contemporary component systems which are solidly constructed of tubing and fittings.

GIVE YOUR PRODUCT THE ATTENTION IT DESERVES!

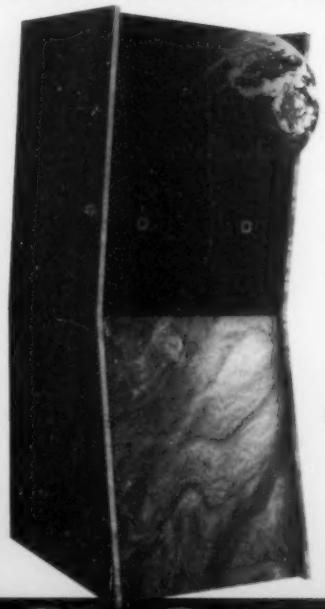

Image Projection Technology™ is revolutionizing the worldwide retail industry.

With it's patent-pending technology, the VIP-102™ can project in mid-air *virtually any type of video image you want, in full-motion 3D with audio.*

The VIP-101™ can bring your message or product into a new dimension with real-time and interactive capabilities.

Call today to find out more about this exciting new technology:

Taverns...Inns...Shops.

All enhanced by the historic character of *antique wood flooring.*

Since 1973, we've been reclaiming antique lumber from derelict buildings and remilling it into remarkable plank flooring.

Now in acrylic-impregnated engineered planks!

Vintage Lumber
Reclaimed. Remilled. Remarkable.
